TWELVE AESTHETICS

skin booster & polynucleotide

MENU

Seventy Hyal 2000 £150

Course of 3 Seventy Hyal £395

'Injectable moisturiser' for glowing skin. Deeply hydrates for facial rejuvenation, stimulates collagen and elastin. Improves texture, glow and laxity.
3 treatments 4 weeks apart.

Profilo £250

Course of 2 Profilo £450

Profilo is a skin boosting injectable that rejuvenates, hydrates, tightens and improves skin quality from within. It stimulates collagen. Visible results without looking "done".
2 treatments 4 weeks apart.

Polynucleotide Under Eye Treatment £130

Course of 3 Under Eye Treatment £300

Polynucleotide Full Face Treatment £200

Course of 3 Full Face Treatments £550

Polynucleotides are an injectable skin treatment designed to repair, regenerate and improve skin quality at a cellular level. This improves skin texture, elasticity and enhances appearance. It is a bio-stimulator not a filler. It stimulates collagen production, improves skin elasticity whilst reducing fine lines and crepey skin. It can also strengthen and repair delicate areas, including under the eyes.

2-3 treatments 4 weeks apart. Maintenance annually.

***For the above skin boosters please allow 20 minutes prior to treatment for numbing cream**

MENU CONTINUED

Stylage Hydromax

£200

Course of 2 Stylage Hydromax

£350

'Stylage Hydromax Skin3 Complex is an exclusive approach that improves overall skin quality due to three synergistic actions. By not only stimulating collagen synthesis but other key skin components, it promotes cell regeneration and restores skin integrity. Scientifically proven mechanism of action that promotes cell renewal at different layers, from deepest to most superficial!

Strengthening the skin barrier function, reducing water loss.

Stimulating the production of collagen and elastin improving the skin's elasticity and suppleness

Supports renewal by promoting a good environment for proliferation of the epidermal cells.

Don't just take our word for it! Ask for the scientific data.. we will gladly share!

2 treatments 4 weeks apart.

Rejuran HyroBooster

£300

Combines PN (polynucleotides) with hyaluronic acid and lidocaine to deeply hydrate, improve elasticity, restore radiance, and reduce downtime.

Rejuran PN

£300

Combines PN (polynucleotides) with hyaluronic acid and lidocaine to deeply hydrate, improve elasticity, restore radiance, and reduce downtime.

Skinvive®

£395

A microdroplet injectable treatment designed to deeply hydrate from within, improve skin smoothness and soften fine lines. Ideal for creating fresh, dewy, luminous skin without adding volume. Just one treatment, with results lasting up to 9 months.

***For the above skin boosters please allow 20 minutes prior to treatment for numbing cream**

TWELVE AESTHETICS

PEPTIDE *protocol* CONSULTATION

Peptide Protocol Consultation £95

Our peptide protocol consultations are designed for educational and research purposes, providing clients with an overview of emerging peptide therapies such as GHK-Cu, TB-500 and BPC-157.

During the consultation, we discuss the potential applications, mechanisms of action, and current research surrounding these compounds, alongside general wellness goals. Clients are guided through appropriate protocol structures, usage considerations, and important safety information based on available literature.

We also provide guidance on sourcing from reputable suppliers and understanding product quality standards; however, we do not prescribe, dispense, or supply these products. We can only guide to reputable suppliers.

This service is intended purely for informational purposes to support informed decision-making and personal research.

NAD+ • GHK-Cu • BP157 • TB500 • Epitalon

*Price for consultation only, not for research peptides

TWELVE AESTHETICS *healthy ageing* ASSESSMENT

Healthy Ageing Assessment £30

Before your treatment, we'll begin with a comprehensive 'Healthy Ageing Consultation'. This personalised appointment is designed to understand your concerns, assess your skin and overall facial health, and discuss your aesthetic goals. We'll review your medical history, lifestyle factors, skincare routine, and treatment options to create a bespoke plan that supports natural, long-term results. Our focus is on helping you look refreshed, confident, and age beautifully with treatments tailored specifically to you. We will carefully curate a treatment plan. At Twelve Aesthetics, we will always be honest and realistic about our outcomes, with patient care at the forefront of everything we do.

This consultation fee will be deducted from the cost of your treatment.
