Membership cards are digital. You will receive an email with instructions for downloading your card to your smartphone after purchase.

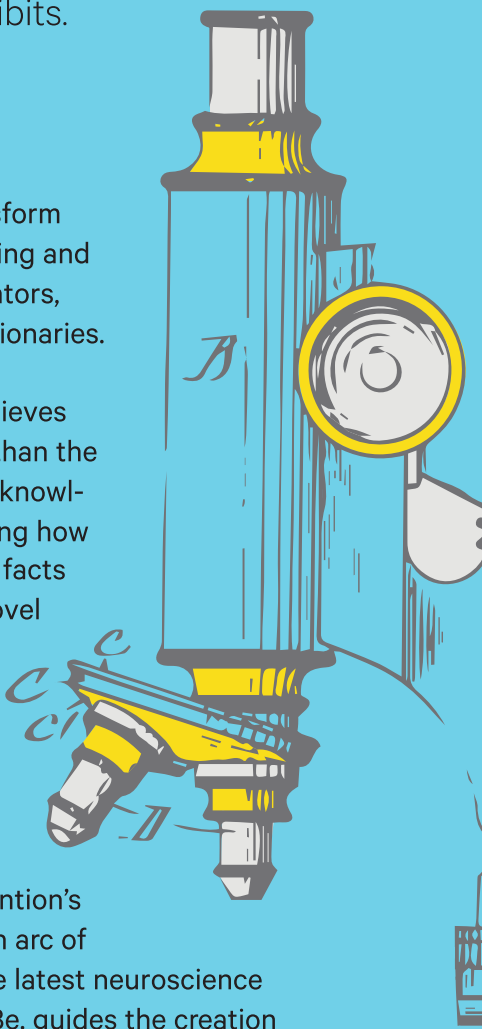

As a **member**, you help support education programming, scholarships for underserved students, and exhibits.

Build Connections.
Transform Minds.

Our mission is to transform communities by inspiring and equipping future inventors, entrepreneurs, and visionaries.

The Cade Museum believes education is far more than the mere accumulation of knowledge; it is about learning how to bring concepts and facts to life in developing novel solutions to real-life problems.

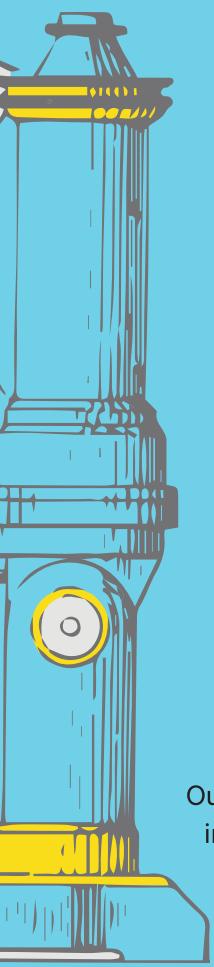

Think. Meet. Be.

The Cade Museum for Creativity and Invention's philosophy employs an arc of creativity based on the latest neuroscience studies. Think. Meet. Be. guides the creation of the museum's exhibits and programs. Using this guiding arc enables us to connect concepts in the exhibits with programming, thus creating a cohesive message of creativity and invention.

To learn more or enroll, visit **cademuseum.org/join**, or contact our Membership Coordinator at **members@cademuseum.org**.

Follow us on social media to keep up with our news, events, and living inventor exhibits.

Our mission is to transform communities by inspiring and equipping future inventors, entrepreneurs, and visionaries.
